EMPLOYEE OF THE MONTH

Olubukola Oyeyemi: *Olubukola is a hard-working and loyal employee. She is always willing to go above and beyond and is willing to change work tasks at the last minute at the request of her supervisor. Ms. Bukola is also a kind and committed job coach. She is encouraging and uplifting – CSC is lucky to have her on our team!*

Congratulations

Linda Asanga. *Linda is a very dedicated staff who is always willing to go above and beyond the individuals. She is always willing to come and help cover openings whether it is last minute or not and is always there to assist the individuals whether in her assigned home or not to ensure that they have every thing that they need.*

Congratulations

Your Children and School Bus

The first day of school is the first day of an academic year. This is usually in August or September. The beginning of the school year is when children are at an increased risk for transportation-related injuries from pedestrian, bicycle, school bus, and motor vehicle crashes. Do your part to keep kids safe as you travel to and from work and they travel to and from school.

Reminders for all drivers:

- Slow down and be alert in residential neighborhoods and school zones.

- Take extra time to look for children at intersections, on curbs, and in medians.

- Exit and enter driveways and alleys slowly and carefully.

Sharing the road with school buses:

- Never pass a stopped school bus that is loading or unloading children. This is illegal in your state.

- For all two-way roads without a median, traffic in both directions must stop for a bus loading or unloading children.

- Stop your car far enough from the bus to allow children the necessary space to safely enter and exit the bus. Ten (10) feet is the recommended space.

Sharing the road with child pedestrians:

- Do not block a crosswalk when stopped at a red light or when waiting to make a turn. Do not stop with a portion of your vehicle blocking the crosswalk.

- In a school zone with warning flashers blinking, you must stop to yield to pedestrians regardless of a marked crosswalk.

- Always stop when directed by a school patrol sign, patrol officer, or designated crossing guard.

Staff Training and Electronic Documentation System (STEDS)

Staff Training and Electronic Documentation System (STEDS) is a program used in CSC for the employees. There are different sections in STEDS and the Friday Packet is one of the sections where staff can log all documentation electronically relating to the ALU where they are working.

Maintenance Form

This form is used in STEDS, for the coordinators to report any maintenance issues in their respective ALU's. Once the maintenance issue is reported the operations department will take necessary action to resolve the issue.

Communication Form

Communication form is for communicating activities in the ALU's with superior officers or team members.

Awake Overnight Form

Awake over night form is to report the activities, status of the individual during the night time. The concern staff has to report every two hours about the individuals status.

House meeting notes Form

This form is for reporting the activities of the individuals for the coming week, in the home, school and the community. This form needs to be fill up by the weekend staff on weekly basis.
