**SAFETY TIPS FOR FALL DRIVING**

**Be Prepared for Changing Weather**

Autumn can be a tricky time weather-wise. Always be prepared for a change in the weather by bringing a warm coat, rain gear and gloves. Stay close to shore in case the weather begins to change unexpectedly.

**Visibility May Be Poor**

Falling leaves can limit your vision the same as rain or fog. As the days begin to shorten, visibility of pedestrians and bicycle riders can also become difficult. If you find your visibility limited, slow down. In bad weather, use your dimmed headlights. Or try not to be on the road at all if not necessary.

**Watch for Children**

Use extra caution around leaves piled at the curbside. Children love playing in large piles of leaves can sometimes be hidden. Also, be careful driving around school buses and make sure to educate your child about back-to-school safety.

**Slow Down on Wet Pavement**

Always keep a safe distance behind the car in front of you. This is even more important in rainy conditions. Wet leaves on the pavement cause slippery road conditions. Making it harder for your car to get traction with the road.

**Be Prepared for Bright Sunlight**

Have a pair of sunglasses handy in case of early morning glare. If bright sunlight is completely blinding, pull over until you are able to see again.

**Safely Enjoy the Beauty of the Season**

Fall is a beautiful time of year. Keeping these tips in mind to protect yourself and your loved ones through the autumn.

**Thank you CSC Workers** for all of your hard work and support during this difficult time. Thank you for being courageous superheroes on the front lines.

All Staff members must wear masks or cloth face coverings in work place, retail spaces and on public transportation.
