Thursday, Dec 15, 2022 12:30pm @Amberton
Everyone is **REQUIRED** to come and be on **TIME!**

EMPLOYEE OF THE MONTH

Kenneth Eidaghese has been working in the Children's Program as a lead staff for several years. He communicates very effectively with his Program Manager. Mr. Kenneth always ensures the individuals in his home have community outings and are engaged in community activities. He brings a calming presence to their teenage lives.

Lauren Walk has been assisting with taking the individuals to their appointments and provides excellent care to them. She has proven to be a great team player and works well with everyone. Lauren also is always ready to take on more work and responsibilities which we very much appreciate.

Michael Ramsey has joined CSC not too long ago, but has already proven to be a well experienced and a very outstanding employee. Michael works very well with those under his care and makes sure that they are comfortable at all times. He also takes an active role in driving the individuals for activities and job interviews. Michael is always ready to help others when the need is required, and he continues to demonstrate a positive attitude along with professionalism.

**SAFETY CONNECTION:
SLIPS, TRIPS AND FALLS: IT'S ICY OUT THERE!**

Slips, trips and falls are second only to motor vehicle accidents as the most frequent cause of workplace injuries. Slips, trips and falls can result in head injuries, back injuries, broken bones, cuts and lacerations, and strains and sprains. A slip occurs when there is too little traction between the shoe or boot and the walking surface. Included among the many situations that may lead to slips, trips and falls is inclement weather. The following tips are designed to help prevent injuries caused by ice and snow, and can apply to you both at home and at work.

Your Safety is Important...

- Wear appropriate footwear for the conditions. Rubber or neoprene soles provide more traction than leather or plastic. If necessary, bring a change of shoes to work. Take smaller steps and point your toes out when walking on snow.
- Wipe shoes or boots upon entry into buildings.
- Stay on cleaned and level paths; avoid taking shortcuts.
- Walk around rather than through hazardous areas.
- Give the right of way to all snow removal equipment.
- Take extra precaution getting in and out of vehicles. Keep at least one hand on the steering wheel or grab bar to maintain stability.
- Avoid carrying heavy or bulky items.
- Take extra precaution when walking at night to avoid black ice.

Your safety is important. Be particularly conscious of unsafe conditions or behaviors in inclement weather, and report any safety-related concerns to your supervisor.
